Detailed Action

1. Claims 1-30 are presented for examination. This office action is in response to the amendment filed on 10/10/2002.
2. Applicants are reminded of the duty to disclose information under 37 CFR 1.56.

REASONS for ALLOWANCE

3. The following is an Examiner's statement of reasons for the indication of allowable subject matter: claims 1-30 are allowable over the prior art of record because the arguments set forth in the amendment filed on 06/29/2004 are persuasive. The claims are allowable over the prior art of record because the claims are distinguished from the prior art of record for the reasons as set forth in the amendments filed on 6/29/2004 and because an update of a search previously made does not detect the combined claimed elements as set forth in the claims 1-30. Specifically, claims are allowable over the prior art of record because none of the prior art of record teaches or fairly suggests a method of swapping out a memory region in a system area network as described in the specification (page 36 lines 13+) and together with combination of other claimed element as set forth in the claims. Also the reasons for allowance of the claims over the prior art of record is believed to be clear from the prosecution records taken as a whole. Therefore, claims 1-30 are allowable over the prior art of records.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons For Allowance."
